

STITHIANS SHOW

**MONDAY
JULY 11
2016**

**Stithians Agricultural
Association invests for the
future.**

Two of the toilet units in Portakabin's yard in York.

Stithians Agricultural Association Limited is delighted to announce that a substantial investment has been made to provide new toilet facilities within the Showground.

These replace the “mobile” units which have served us well for many years but which have reached the end of their practical life. Let’s be fair they looked dated and were certainly well worn. The actual units were second-hand when the Show obtained them some 15 years ago, but were newly fitted out as toilets at that time and have given good service.

The new units (four in all) have been made to our design by Portakabin and are scheduled for delivery in two batches from the first week of June. They meet modern standards and requirements.

We are sure that the new units will enhance the visitor experience at the Show as well as providing much improved facilities for those that hire parts of the Showground for other events during the year.

Despite making this investment of around £130,000 we have held the entrance prices at last year’s figures for this year.

The main central toilet blocks remain and we will still hire various units for Show day to try to ensure that there are facilities wherever needed.

The smart green exterior will blend with our Countryside setting.

Have a look when you come to the Show on 11 July to see our bright new facilities.

Please visit <http://stithians.show/schedules.html> for up to date schedule information.

More schedules will be added as available and advised by eNewsletter and on our Facebook page.
